

hello Clay,

thank you for sending me the link. very nice, in the coming days I do a longer ride and leave a comment. I would like to ask you if I can place your link in the blog of my bow shooting company I founded with my brothers. In Italy the bow hunters are very few and those with the traditional bow even less. We are trying to raise awareness of this type of hunting through meetings, articles, photos and even being selection hunters through the various national institutions. It would therefore be important to put your link on our blog (soon to be remade) and have some exchange of ideas and information with you. I send you the link to our blog and the links where you will find bow fishing and bow hunting photos.

Thanking you in advance for any assistance you'll able to give us,

heave a nice day

Alessandro Fodera.
